Basic Adult Leader Outdoor Orientation (BALOO) is a one-day training event that introduces leaders and parents to the skills needed to plan and conduct pack outdoor activities, particularly pack camping. BALOO is an indoor/outdoor course. BALOO guidelines were established by the National and Council office, which help us understand the value of the outdoor program. Pack Camping has come a long way, and it is one of the strongest reasons youth join the Cub Scout program. **For a pack to go camping however there MUST be at least one adult on the outing that is BALOO trained.**
