numbers, if available. These coins are sure to go quickly, so order your coins right away.

All profits will go to the Occoneechee Council 100th year committee to offset expenses incurred for 100th year anniversary events.

To pre-order, e-mail Gary Thorn at gthorn228@bellsouth.net. Tell him how many coins you want and if you have a specific numbered coin you want to request.

What is a Challenge Coin?

A challenge coin is a coin or medallion bearing an organization's insignia or emblem and is carried by the organizations members. They are used to prove membership when challenged and to enhance morale.

Here are the new Occoneechee Council Centennial Challenge coins. These coins are expertly designed by Symbol Arts. Each coin comes individually packaged in a special protective sleeve and bears a unique number from 1 to 2010.

Each coin is 1.5 inches in diameter and will be available in early February.

These coins will bear the Boy Scout Centennial information on the front with its unique number. The back will bear a picture of North Carolina and the geography of the Occoneechee Council, the Occoneechee Council three scout logo along with our state flower, state bird and state tree.

Each coin is priced at \$10. The coin will be produced in limited quantities.

Grab one for yourself and several as gifts or awards to scouts or scout leaders in your unit.

You may request a particular number such as your unit number or a series of
